SUMMARY

Front-End Developer with hands-on experience in Laravel-based systems, specializing in building responsive and user-friendly web interfaces. Proficient in HTML, CSS, JavaScript, PHP, and modern UI frameworks such as Tailwind CSS and Bootstrap, with additional expertise in React and Vue.js for dynamic front-end development. Capable of contributing to back-end features and integrations using Laravel. Recognized for enhancing accessibility, optimizing performance, and collaborating effectively within Agile teams to deliver high-quality solutions.

WORK EXPERIENCE

Front-End Developer (IT Personnel - Part Time)   January 2024 - September 2025
Armed Forces of the Philippines - Camp Aguinaldo, Quezon City

- Develop and maintain internal systems using Laravel, Blade, React, and Vue.js.
- Build responsive, accessible interfaces with HTML5, CSS3, JavaScript, and Tailwind CSS.
- Collaborate with backend developers for APIs, data features, and third-party integrations.
- Ensure UI consistency, performance optimization, and accessibility compliance.
- Assist with minor backend development tasks when needed.
- Contribute in Agile sprints, stand-ups, code reviews, and Git-based workflows.

Internship   July 2022 - August 2022
Sangguniang Panlungsod - Butuan City Hall Complex

- Produce technical documentation and visual content using writing and graphic design skills.
- Manage databases and extract data using MySQL for reporting and analysis.
